Clover Leaf Paint

MADE TO SATISFY

**A Smashing
BIG VALUE**
it's easily
that and
more!

\$ **2⁷⁵**
NET

DURABILITY—that is the big thing about paint. Will it stand up? —is what every painter wants to know about any paint. Clover Leaf Paint is **GUARANTEED** to last five years. In most cases it lasts much longer. Clover Leaf is by far the market's supreme quality paint. Clover Leaf excels in an amazing degree in spreading power and length of life. It cannot peel, blister, chip or crack. The firm, smooth, elastic surface holds regardless of punishment. It covers 300 square feet to the gallon, two coats. It is a paint you will be glad you ordered.

Each price is \$2.75 in one gallon cans. Price in other size containers will be found on page 9 of this Catalog.

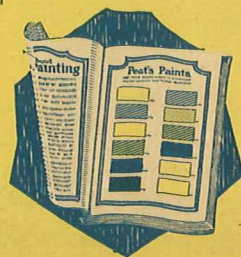

Some people read newspapers—some magazines but **ALL** read **WET PAINT** signs, so while they are looking at the sign let us tell them that you did the painting. We give you **FREE**, with every paint order, a liberal supply of **WET PAINT SIGNS**, with your name stenciled on them.

VICTORY The great brush—the **VICTORY**—it is not too soft, it is not too stiff, just springy and elastic. Long after the ordinary brush has worn out—the **Victory** is still good for many a job. It comes only in one size—4 inches wide with 4 inch bristles. A money saving investment at \$21.75 per dozen or \$11.50 per half dozen or \$2.00 each.

Clover Leaf Paint comes in 30 colors which are shown in our Color Card Book sent with our Wall Paper Sample Book Outfit. If you haven't our Sample Books, we will be pleased to send you a color card upon receipt of a request from you.

Papers of Superb
Beauty at Surprising
Values

PEATS 1923 LINE

No other Line to equal it! Great!!
Beautiful!!—is the nature and
substance of the comments in the
letters we are receiving daily from
decorators who are now satisfying
their customers from the Peats
1923 Line.

Bigger, Better, More Wonderful

PROOF of the overwhelming superiority of Peats' "Prize" Wall Papers is clearly and distinctively offered in the new 1923 Line—every pattern regardless of price—and remember our prices are always lowest for the quality—and because of the wonderful, exquisite beauty of its patterns, Peats' Line makes sales come quick and easy for the decorator. Where quality is a big consideration and price is the big thing wanted, customers are easily won, for Peat's prices are low and their wall papers acknowledged "The standard by which other wall papers are judged."

KNOW YOUR LINE

YOU can sell the most wall paper at the best prices when you **KNOW YOUR LINE**. When you are familiar with what each wall paper represents in your Line, it gives you prestige with your trade. Instead of saying of any particular pattern, this is a Dining Room paper, you can, with the information we give you with our Line say: "This *Dining Room* paper is a **SILKENED TAPESTRY**." Every paper in Peats' Line is described. The information is given you in our Memorandum Book, which is included with the big Wall Paper Sample Books and Color Card Book sent to decorators who sell wall paper from sample books.

ALFRED PEATS CO.,

BIG PROFITS

In Decorator Specialties

Put This Book
To Work

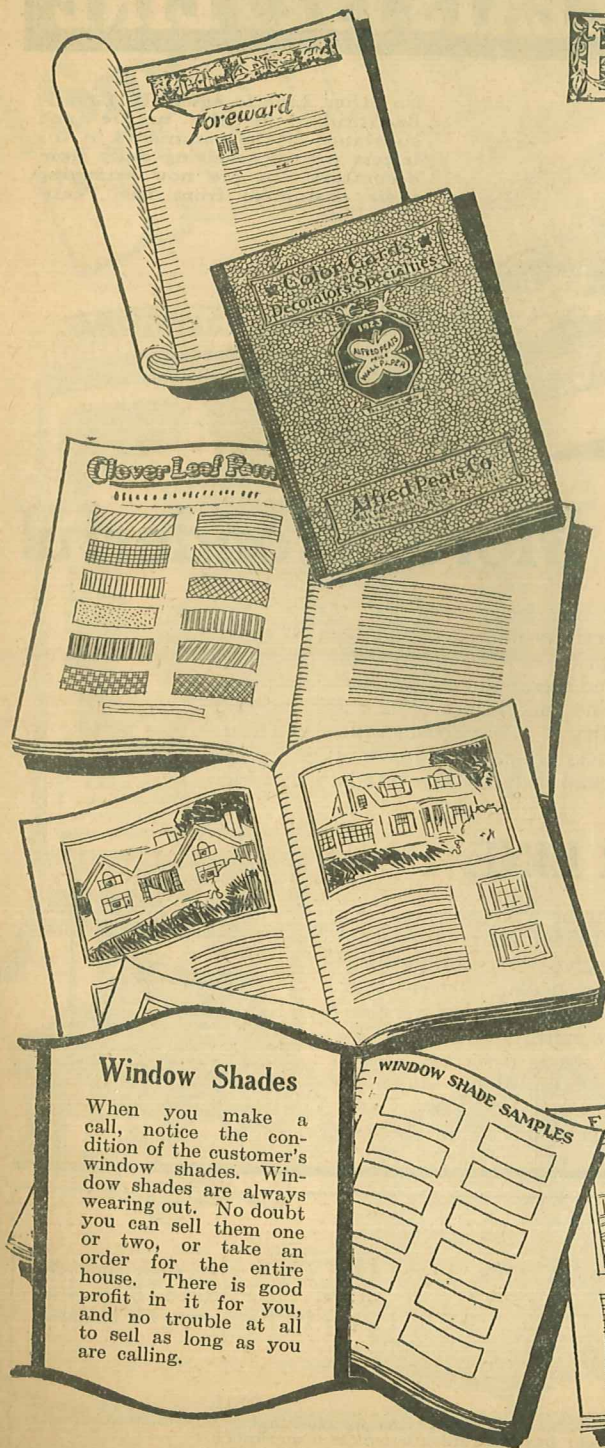

VERY decorator who receives a set of Peats' 1923 Wall Paper Sample Books will also receive one of our BIG COLOR CARD BOOKS.

This book contains color samples of Peats' painting products—actual samples of window shade materials—color pages of linoleum, burlap, scenic friezes, etc.—photographs with the descriptions of lin-o-wall, stained glass, church decorations and numerous other articles, all of which can be sold at a PROFIT to the decorator.

For example, take Linoleum. It alone is a big money maker for the decorator. In the Kitchen, Bath Room or any room in the house you can use Linoleum. Sometimes old Linoleum wears out and it needs to be replaced or there is no Linoleum and you can interest your customers in it at a profit to yourself. It is the same way with other articles shown in this book which is included free with Peats' 1923 Wall Paper Line.

Do you sell wall paper from sample books? Then, you can use Peats' complete Line to an advantage. Send for this famous Line today. Take it with you every time you call on a prospective customer and you will find it will pay you well, when you make the House of Peats your Wall Paper and Paint Headquarters.

Window Shades

When you make a call, notice the condition of the customer's window shades. Window shades are always wearing out. No doubt you can sell them one or two, or take an order for the entire house. There is good profit in it for you, and no trouble at all to sell as long as you are calling.

Vol. 18

CHICAGO, ILL., MARCH, 1923

No. 8

A GREAT PAINT HOUSE

The Wall Paper and Paint business are closely allied. You hardly ever think of wall paper but what you will think of paint. As a rule decorating contractors do both kinds of work.

Forty-three years ago Alfred Peats started in the Wall Paper business. It wasn't long until he had won national reputation as a house that sold quality Wall Papers at a price. Shortly afterwards he began to handle Wall Paper Partner Products—Paints, Varnishes, Decorators' Tools, etc.

Painters and Decorators handling Peats' Wall Papers soon learned that Peats' Paints and Painting Products gave the same satisfaction as Peats' Wall Papers and so there are today thousands of Painters and Decorators who are not only saving money by using Peats' "Prize" Wall Papers, but also on Peats' Paints, Varnishes and other materials.

Peats sells great quantities of Paints and Varnishes every year. The house of Peats is not only a GREAT WALL PAPER HOUSE but likewise a GREAT PAINT AND VARNISH HOUSE. High quality materials at unusually low prices has always been the policy of Peats, as evidenced by the quotations made in this Catalog.

Buy all your needs here—make the House of Peats your Wall Paper and Paint Headquarters and you will save time, save bother and save money.

Bits of Information

Dept of Practical Helps

It is our aim to make this department as practical and valuable as possible. All the information we give is compiled by well-known authorities on the subjects treated, and you are cordially invited to put your problems up to us. We will do our best to help you. We invite contributions of experiences and technical information from you. Will you please help us make this department of value to all by writing us how you have been able to overcome some of your difficulties?

Do not forget that a flat brush is better for rubbing in graining color than a round one.

Oil graining color may be thickened with whiting, wax or soap so the combing will stand up better.

It is said that a teaspoonful of saltpetre dissolved in a pot of glue will deodorize it and cause it to dry faster and hold better.

Now is a good time to secure jobs of painting or varnishing floors. Peats' Durable Floor Paint and Marless Floor Finish will make unsightly floors "blossom like the rose."

Never allow "a poor job" to leave your hands, even if you lose money by doing it right. The public will remember a poor job, and who did it, long after the price paid has been forgotten.

Varnish for interior work should dry dust-free in four hours, and become entirely dry in twelve hours. A varnish for outside work should be dust-free in six hours and dry in from eighteen to twenty-four hours.

The mission of paint and varnish is to preserve and beautify. Paint may preserve a surface when it is put on in a haphazard manner by an amateur, but if beauty is to be present the skill and taste of a good decorator must be secured. Indeed, the decorator has a large place in modern life.

Mildew seldom appears on a surface that is covered with hard-drying paint. The coarser the paint pigments are the more readily does mildew appear. A paint containing one-fourth zinc oxide and three-fourths white lead resists mildew much more effectively than pure white lead.

To remove the yellow tinge from white lead paint, add a very little Prussian blue.

Remember, a pure, high-grade article cannot be sold at the same price as an adulterated one. Still the best is cheapest in the end.

The best advertisement is a satisfied customer; the poorest is the customer who, justly or unjustly, finds fault with your work.

Judge the painting materials of yesterday by the steam engine of yesterday and the painting materials of today by the six-cylinder automobile or the airplane.

Advertising pays all who do it judiciously and intelligently. We have many good advertising helps for painters and decorators that we supply free of charge.

Everybody knows that water will soften and dissolve glue, yet many put glue-set brushes in water and expect them to hold. This is impossible, and glue-set brushes should never be put in water.

A good liquid for thinning oil graining color may be made as follows: Turpentine, one-half gallon; boiled linseed oil, two and one-half pints; japan drier, one-half pint. Put all the liquids in a can, shake, and your thinning liquid is ready for use.

Poor painting is often a matter of poor brushes—brushes that have not been properly cared for. Twisted bristles and misshapen ends will cause paint to cover poorly, and always deface the surface with brush-marks. Buy the best brushes only, and when you put them in use, see that they have proper care.

Kalsomine should never be spread on the same as oil paint, but criss-cross, which will cause the surface to have a solid appearance. Work fast, and be sure you do not leave any "holidays."

The paint that for the longest time will put off the necessity for repainting is, in the nature of things, the best and most economical—Peats' Clover Leaf Paint—for instance.

Decoration is one of the greatest factors in the civilization of nations. In fact, there was no civilization, nor any attempt by man to rise above mere animal life, until the decorator appeared on the scene.

Slapping one coat over another does not hurry work. It retards it, for one coat on top of another that is not dry, softens the under coat, forms a soft, mushy surface, and always makes trouble.

The exterior surface of a job is a standing advertisement of whatever degree of skill the decorator may possess, plus the quality of the materials employed. Good materials and good workmanship will always manifest themselves, and will add to the decorator's reputation.

No painter or decorator should be satisfied to stand still. All can learn something useful and valuable every day, and this new knowledge can be made apparent in the bank balance. A few good technical books, and at least some of the trade magazines, should have an honored place in all shops.

Water stains in plastered walls and ceilings may be quickly killed by the application of Kilstain, a new material that we have recently put in stock. A pound of this powder, prepared and applied according to directions, will cover about 300 square feet of smooth plastered surface.

Now is the time to take a look ahead and get ready for the "big rush," which will soon be upon us. All your ladders, planks and scaffolding should be carefully looked over and repaired, then all should be painted and lettered and put away for use. The brush and tool equipment should be looked over, and needed additions should be ordered now while all our stocks are complete. Look this catalog over carefully, and we believe you will see many new appliances that it will pay you to purchase, besides complete stocks of standard tools and appliances that are always in demand.

Blueing of varnish is usually caused by dampness, and when blueing appears it is a sure indication that the apartment needs ventilating to permit this dampness to pass off. If allowed to remain, the luster of the varnish will surely be dimmed, and, in time, totally destroyed. To avoid this, wash with clean water, being sure to use only the cleanest sponges and chamois.

For Sale—Painting and Decorating business at Seattle, Wash.; a going concern; will sell stock in store and complete painting and paperhanging outfit for \$1,500; will also sell a 1922 model automobile, if desired. Address William Wood, 2210 California Avenue, Seattle, Wash.

CHICAGO

Peats Flat Wall Paint

PAINTERS who want a really high-grade Flat Wall Paint, one that works unusually well under the brush, and gives a soft velvety and permanent finish should always use Peats Flat Wall Paint.

PEATS' Flat Wall Paint dries sufficiently slow enough to allow careful covering of even large spaces without imperfection, thus permitting you to do a thorough job without tiring. Our Flat Wall Paint forms a hard, solid surface, similar to flat enamel and may be cleaned often.

TWENTY BEAUTIFUL COLORS

In our Color Card Book, you will find color chips showing 20 colors, which can be furnished in our Flat Paint. If you haven't one of our Color Card Books, which is included with our Wall Paper Sample Outfit, then we shall be pleased to send you color cards on request.

Two coats of Peats Flat Wall Paint will finish a new wall perfectly, where it sometimes takes three or four coats of other material. Peats Flat Wall Paint dries with a hard non-porous, non-absorbent, germ-proof surface. It will stand hard usage where required and is suitable for any use to which any flat wall paint may be put.

Our Price in Gallon Cans, \$2.35

PRICES ON OTHER SIZE PACKAGES ON PAGE NINE

Our Terms

Our terms are cash with order or C. O. D. Or, if you have an established rating or credit standing with reputable business houses, we shall be pleased to receive references, which will have the prompt consideration of our Credit Department.

It is always advisable to send cash with order, as it saves you exchange and collection charges that are incurred when shipment is sent C. O. D.

We suggest remittances be made by post office or express money order, draft or registered letter and on parcel post orders be sure to add to your remittance enough to cover the cost of the postage on the package.

C. O. D. shipments by parcel post are collected for through the Post Office and when shipped by express, through the Express Company. C. O. D. shipments by freight are collected for through your bank by draft with bill of lading attached.

This Lead Goes Farther

Peats' Strictly Pure WHITE LEAD

PEATS' WHITE LEAD is the BEST, not because we just say it is, but because we "pan-dry" it and thereby remove every trace of moisture; because it contains positively nothing but the purest basic carbonate of lead and the highest grade of refined linseed oil. Wonderfully white and opaque.

PEATS' WHITE LEAD is extraordinarily economical; it possesses tremendous spreading qualities and as a result less paint is needed.

AN IDEAL base that can be used on all surfaces with perfect satisfaction.

The Paint Supreme

For Exterior Painting Made with Pure Linseed Oil. Just enough turpentine and dryer to assure proper drying. Made in White and 12 Colors. Also inside Gloss White.

In Hueskote, to start with, you have a Scientifically Compounded Base Pigment, an improvement of VAST RANGE over lead and oil, which can be thinned rapidly with any reducing element, and when brushed out in as thin a coat as consistent with fair speed, will cover with results embracing density and beauty of finish, such as no one could ever dare to hope for with lead and oil.

Hueskote comes to you in a consistency likened to a thick cream, or a semi-paste. IT IS NOT A MIXED PAINT—BUT A NEW SCIENTIFICALLY COMPOUNDED BASE PIGMENT combined with the finest of refined linseed oil that money can buy—IT IS ALL QUALITY—and a godsend to those who paint for a livelihood.

THE WONDER PAINT
Hueskote
"COVERS WITH ONE COAT"

Now about the price: It costs net, in gallon cans, \$3.25, and each gallon must have at least one quart of thinner added. This reduces the cost. When you consider that Hueskote will cover 25 to 30% more surface per gallon than any other paint, and that you save 25 to 35% in labor, Hueskote will prove to be the most economical paint made.

Made in two paints for both exterior and interior work, which together, furnishes the basis for many painting shortcuts, provides a wide scope of possibilities for economy, and crowns your work with a finish, that is abreast of that of the most versatile of master painters and decorators in the United States. Send for our book "Old Man Paint Precedent Knocked Into a Cocked Hat."

PRICES: All Net Cash.

Same price applies to Hueskote Gloss for outside. Hueskote Flat Finish for inside—white and colors, also inside Gloss White.

For Interior Painting Large percentage of Linseed Oil used in making this paint. Made in white and 12 beautiful shades.

HOUSE PAINT DEPARTMENT

EVERY Paint listed here is made for a specific purpose, and each grade represents the greatest value in its class that it is possible to give. The materials used in their manufacture are the purest and best obtainable, and these are ground to the last degree of fineness in the latest improved mills. Our formulas, which are based upon a lifetime of experience in making good paint, are proven to be such as produce paints that look well, wear well, and are most economical in the long run.

Full assortment of our Color Cards will be sent postpaid on request.

Peats' Clover Leaf House Paint

Made Right—Sold Right—Guaranteed

An exceptionally high grade prepared paint which has been carried in our line for a number of years and has never failed to give our customers the best satisfaction. It is thoroughly ground by machinery in exact proportions which gives it a remarkable spreading power and makes it easy to work. Gives a smooth, firm, elastic surface.

It is not affected by atmospheric influences. Will not crack, chip, peel, blister nor fade; unequaled for use on every class of work where durability and high-class finish are desired. It contains the purest grades of white lead, zinc, linseed oil, japan dryers, etc.; 300 feet of two coat work can readily be covered to gallon, on a suitable surface. Color card on request.

Half-gallon cans	Each 2.50
One-quart cans	Each 1.30

Peats' Porch Paint

A hard drying, elastic paint that withstands the weather and does not scuff. It dries hard with a good gloss, stands washing, and is very durable. This paint will cover about 350 square feet per gallon, two coats.

Made in various colors. Color card on application.

5 gal. cans	Per gal. \$5.40
1 gal. cans	Per gal. 5.50
½ gallon cans	Each 2.90
¼ gallon cans	Each 1.50

HOUSE PAINT DEPARTMENT

FOR purity of tone, covering capacity, permanency and uniformity, Peats' House Paints are in a class by themselves. There is good reason for the high standing our house paints have attained among the most successful Painters and Decorators. They have learned that our beautiful, snappy tints are always the same, that they possess the last degree of permanency, and that Peats' House Paints not only cover well, but that they last for years and effectively protect the surface to which they are applied.

Full assortment of our Color Cards will be sent postpaid on request.

Hueskote—The Wonder Paint

Gloss Finish for Exterior Work.
Flat Finish for Interior Work.

Always when ordering specify the kind wanted.

Hueskote is the best and most economical paint on the market because it has such wonderful covering and spreading qualities that it will with one coat cover surfaces which ordinarily require two coats of lead and oil or other paint.

It is a combination of high grade pigments and oils, blended together in both a scientific and

common sense manner after the discovery and formula of an alert expert on paint matters, and will cover from 600 to 900 square feet to the gallon.

It is made in white—a snow white that stays white and may be tinted to suit—and also in twelve colors, for all inside and outside use, for wall, metal, wood, etc., in fact for all purposes a paint is or may be used for.

Gloss Finish and Flat Finish same price.

50 and 25 gallon barrels.....	\$6.00 per gal.
5 gallon steel kits.....	6.40 per gal.
1 gallon cans.....	6.50 per gal.
1/2 gallon cans.....	3.40 each
1/4 gallon cans.....	1.80 each

White and all tints at above prices.

Peats' Cement Paint

Especially adapted to concrete, cement, stucco and brick, where something in the nature of a preservative is desired to prevent the gradual disintegration to which buildings of this kind are subject. It soaks into and seals the pores, thus giving an impervious waterproof finish. Also good for cement floors. See color card.

One-quart cans.....	Each 1.10
One-pint cans.....	

Peats' Flat Wall Paint

Flat—Velvety—Permanent

A high grade flat paint for interior decoration, where a smooth, velvety flat finish is desired. It can be applied to plaster, wall board, metal, wood or bricks. It is durable, sanitary and artistic, therefore makes an excellent decoration for churches, homes, schools or public buildings. Applied with an ordinary brush, it flows easily and presents a smooth, uniform surface. Made in many beautiful colors and white. Covering capacity, 600 sq. ft. to the gallon, one coat. It also makes a very good and economical paint for enamel undercoating.

Five-gallon buckets.....	Per gal. \$4.60
One-gallon cans.....	Per gal. 4.70
Half-gallon cans.....	Each 2.50
One-quart cans.....	Each 1.30

Peats' Carrara Enamel

The highest grade of Enamel that can be manufactured. For covering and spreading qualities it has no equal. When applied it levels down to a perfect smooth finish without showing any brush marks. It positively will not turn yellow, crack or peel off, making it the most economical and reliable Enamel for the Painter to use. Can be furnished in

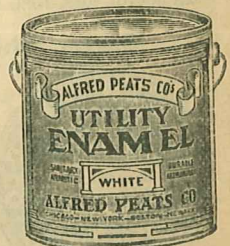

Gloss White, Ivory or Silver Gray or in an Egg-shell White.

One-gallon cans.....	Per Gal. \$9.50
Half-gallon cans.....	Each 4.90
One-quart cans.....	Each 2.60
Pint cans.....	Each 1.30

Peats' Utility Enamel

For interior decorating of all kinds where a good durable, medium-priced enamel is required. Can be washed with soap and water; dries in 8 or 10 hours and will cover 250 sq. ft., two coats, per gallon. Made in white only.

One-gallon cans, per gal.....	\$5.40

White Lead and Other Paste Goods

We carry most of the well known brands of strictly pure White Lead. In paste goods our whites are all composed of the purest and best materials that can be purchased at the prices asked, finely ground. They will all give excellent service and satisfaction.

Alfred Peats Co.'s Strictly Pure Lead

A lead that we recommend very strongly to our customers. It has been handled by us for years and has always given satisfaction. It contains nothing but strictly pure basic carbonate of lead and absolutely pure refined linseed oil. This lead is made by the "Old Dutch Process" and is unsurpassed for whiteness, opacity, durability and purity. It is pan-dried before grinding in pure linseed oil and is free from the water which many other brands contain. We guarantee it to be absolutely free from adulteration.

OUR GUARANTEE—We will pay the equivalent in gold for every ounce of adulteration it may be found to contain. This guarantee is placed on every package.

	Net Prices
100-lb. kegs.....	Per lb. \$0.14 1/4

Wood-Tone Stains

May be used on soft or hard wood. All the popular finishes in oak, mahogany and cherry can be produced. These stains do not raise the grain, do not require wiping, do not bleed and do not need the services of an expert to apply. The work can be filled after staining and finished in varnish, shellac or wax. Light Golden Oak, Fumed Oak, Early English Oak, Green Oak, Dark Weathered Oak, Modern English Oak, Black Golden Oak, Light Weathered Oak, Light Mahogany, Dark Mahogany.

Prices of all colors except mahogany:

One-gallon cans	Each	\$4.00

Gallons	Per can	4.00

Black Board Dressing

One gallon will cover about 250 square feet three coats.	
One-gallon cans	Per gal. \$6.00
Half-gallon cans	Each 3.20
One-quart cans	Each 1.70

Peats' Creosote Shingle Stain

Peats' Creosote Shingle Stain being composed of pure colors, pure linseed oil, and the highest grade of wood preservative, will prevent decay, resist the attacks of insect life and prolong the durability of the wood.

Shingles being dipped for two-thirds of their length (that is as far as necessary), will require from 2 1/4 to 2 3/4 gallons to the thousand shingles.

If the stain is applied by brush, after the undipped shingles are laid, one gallon will cover 100 square feet, two coats—it would be unsafe to depend upon one coat work.

In some cases a brush coat is applied, in addition to dipping; 3 1/4 gallons being sufficient for dipping and brush coat on 1,000 shingles after they are laid.

Samples of wood treated with Weatherproof Shingle Stain will be mailed upon request.

Regular colors.

Hygienic Kalsomine

Hygienic Kalsomine is made ready by the simple addition of **BOILING WATER** (must be boiling) and affords the maximum values in quality, economy, covering capacity and easy working properties. It contains a well-known, odorless antiseptic which will germ-proof the walls. It **does not settle**, thus eliminating all waste.

One pound, when properly mixed and applied over perfectly sized walls, will cover approximately 150 square feet. Does not show laps or brush marks. Dries out with a smooth, velvety finish and will not check, peel nor blister.

Stic-Rite Dry Paste

Is a cold-water paste in powder form.

It is transparent, immediately absorbs the water free from lumps, and makes a most perfect paste. It never separates, always remaining the same, never forms a crust or skin on top. It is adapted to the most delicate papers, never deteriorates, remaining in good condition until used. It can be used in the place of gums, glues or dextrine. Its relative cost is much less than any other paste. One barrel of Stic-Rite will make about seven barrels of ready-to-use paste. It saves 80 per cent of freight.

**Paper Hangers' Paste**

Clean and strongly adhesive; always ready for use by thinning with cold water. This paste will keep without offensive odor, and we recommend it to the trade, knowing that it will give satisfaction. We ship this paste only when weather conditions permit.

Barrels, about 200 lbs.....	\$7.50
Half-bbls., about 130 lbs. 5.60	

Sisk's Paper Hangers' Patent Sizing

Requires no scraping or washing to make paper stick on lime washed, painted, kalsomined or varnished surfaces; just apply the size and the wall is ready for paper. Sisk's Patent Size has a chemical effect on free lime spots, which causes them to turn a salmon color. By touching up the spots with white shellac you can hang the finest paper made without fear.

One gallon of size to five of hot water will cover five to six thousand square feet of new plastered surface.

Pint cans.....	\$0.60
Quart cans.....	.90
One-half-gallon cans.....	1.60
One-gallon cans.....	3.00

Note—In twelve-gallon lots extra discount of 10 per cent from net prices.

Kling-Ko-Na Sizing

This is really a paste filler for walls and wood-work. For use on hard or soft plaster, wall board, new wood-work, burlaps, or painted or varnished walls. Mixes with boiling water.

Sphinx Gum

Can be used as a size on any kalsomined, whitewashed, painted or varnished surface without any danger of having the paper come off the wall. Sphinx Gum can also be used to strengthen the paste and make the paste last longer. It can also be used as a paste for the finest wall papers made, like tints, pulps, tapestries, silks, etc. For burlaps and pressed goods it is the best that can be used; sticks to the wall without any trouble and will never peel off.

5-gallon kegs.....	Per keg \$6.00
1-gallon kegs.....	2.50

Absorene Wall Paper Cleaner

It is ready mixed, requires only to knead, then rubbed over the walls and ceiling or other articles to be cleaned when the accumulated dust or greasy soot will be instantly removed and absorbed by this preparation.

Sava Brush

Good brushes are costly. Your old dry ones can be renewed and made serviceable again, if the brushes are sound.

Savabrush comes in powdered form and will soften and remove the paint in a few hours' time. Put up in one-lb. packages with directions on package.

Per dozen packages	\$9.00
Each	1.00

Apex Wood Fibre Plaster

The Best for Patching

Apex wood fiber plaster is designed for use upon either metal or wooden lath or upon any work requiring a bond to hold the plaster together while it is being applied. For patches it is far superior to any other plaster or to any article used for a similar purpose.

Apex wood fibre plaster is ready for use with the simple addition of water.

Price, in 100-lb. bags	Per 100 lbs. \$2.50
Less quantity	Per lb. .06

Plaster Fastener

Consists of a round piece of tin (counter for screw head), and a screw of sufficient length to reach through the plaster into the lath. Loose plaster on wall or ceiling can be easily and quickly repaired and made solid, the cracks being filled with plaster of Paris.

Per ½ gross	\$1.00
Per gross	1.80

"Peats" on Wallpaper—Means what "Sterling" Does on Silver

VARNISH DEPARTMENT

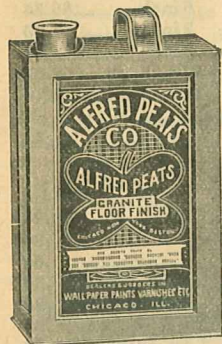

THE Varnishes listed here are all made from the purest and best materials obtainable, and every one of them is intended for the special purposes for which it is recommended. They all possess good body, fine flowing and leveling properties, and the greatest possible degree of durability.

For five-gallon cans, deduct 10 cents net per gallon; for half-gallon cans, add 20 cents net per gallon; for quart cans, add 30 cents net per gallon. Special quotations will be made on 25, 50, 75 and 100-gallon lots.

Peats' Granite Floor Finish

Price per gallon.....\$5.50

Will give perfect service upon new or old work. Unexcelled for durability. Possesses in the highest degree the qualification necessary for a perfect floor varnish. Hardness, Elasticity. Toughness and a High Gloss. Dries over night, but should not be used for two days to secure the best results.

Peats' Supreme Interior Finish

Per gallon.....\$5.00

Intended for high grade inside finishing. Careful selection of the best materials makes these goods superior to all others, around sinks, window sills, bath rooms, and exposed inside work. Dries free from dust in 10 to 12 hours. Rub in three days.

Peats Durable Spar

Per gallon.....\$6.00

Is made of the best materials and will stand the most severe tests. Especially adapted for outside work. It dries free from dust in 12 to 14 hours, and may be rubbed in five days.

Peats' Empire Cabinet Finish

Per gallon.....\$5.00

Is much the same as Peats' Supreme Interior Finish. Dries quicker and costs a little less. Is very durable. Dries free from dust in 8 to 10 hours. For inside work.

Peats' Permanent Coach Finish

Per gallon.....\$5.00

Has a fine, durable gloss, recommended for interior work. A better medium priced varnish can not be produced. Dries in about 12 hours. Can be rubbed and polished.

Peats' Granite Seat Finish

Per gallon.....\$6.50

A hard drying varnish at a moderate price, suitable for church and school furniture and similar work. It dries hard in 36 hours and can be rubbed.

Peats' White Enamel Varnish

Per gallon.....\$5.50

This is a beautiful pale, deep lustre varnish for mixing with White Enamel.

Peats' Pure White Damar

Per gallon.....\$6.00

Made with pure Batavia Gum Damar, especially prepared for white paints and over delicate shades of paint.

Peats' Grandspar for Interiors and Floors

Per gallon.....\$6.50

A general varnish for interior work—adapted for Floors, Bath Rooms, Window Sills, Porch Furniture, Table Tops, Bar Tops, Boats, etc. Dries dust free in two hours, can be walked on in five hours. The action of cold or soapy boiling water, snow, alcohol, ammonia, hot dishes, tea, coffee, etc., does not affect the durability or brilliancy of this varnish.

Peats' Crystal Floor Finish

Per gallon.....\$5.00

The best varnish for floors, made to withstand the hard usage to which a floor is subjected. It is elastic, yet tough and durable. Is not affected by water and will not mar or scratch white. Dries free from dust in four or five hours and hard over night. Can be rubbed to a dull finish.

Peats' Cabinet Floor Varnish

Price per gallon.....\$4.50

The best varnish offered at its price. Combines all the wear-resisting qualities, hardness, elasticity, resistance, high gloss. Flows easily, dries quickly. A trial will prove its merits.

Peats' Flat Varnish

For Flat or Water Rubbed Effect

Per gallon.....\$6.25

Works freely and covers well, producing a dead or flat finish without rubbing. It dries hard over night and is very tough and durable. Two coats produce a beautiful rubbed effect on new work. Only one coat required for old work.

Peats' House Painters' Japan

Per gallon.....\$3.00

A first-class turpentine dryer for paints. Mixes readily with oil and all pigments.

Peats' Crystal Liquid Wood Filler

Per gallon.....\$3.20

Has no equal for first coat on all close grained woods. Dries hard and tough with a flat finish—produces a perfect foundation over which any varnish may be applied with excellent results.

Peats' Crystal Hard Oil

Per gallon.....\$4.00

For interior work, pale in color, produces a fine deep lustre, easy working, dries over night, can be rubbed in 24 hours.

VARNISH DEPARTMENT

VARNISHES that are made simply to sell, but which are lacking in the essential element of durability, never appealed to us. Our aim has been to produce a line of Varnishes that will not only satisfy our customers when the work is first done, but goods that will long continue to delight the house-owner. We have succeeded admirably, and these brands are all offered on their merits. We especially recommend our Granite Floor, Grandpar Finish, Marless Floor Finish and Flexite Wood Finish.

Peats' Marless Floor Varnish

A thoroughly reliable varnish for floors. Combines quick and hard-drying properties without sacrificing elasticity or durability. Particularly adapted for kitchens, bathrooms or any place that is subject to hard usage. It positively will not show heel marks. Will not waterstain or mar white. Works freely under the brush and will dry hard in sixteen hours after applying.

Per Gal.
Barrels and half-bbls.....\$3.10
One or five gallon cans..... 3.30

Peats' Flexite Wood Finish (Interior.)

A hard-drying varnish without sacrificing elasticity or durability. Works equally as well on all kinds of wood and it is easy to apply. Will withstand severe treatment and is especially adapted for use in bathrooms and around sinks, or other places exposed to dampness. Dries hard with a perfect gloss within sixteen hours and can be rubbed if desired.

Per Gal.

Graduating Plumb and Level No. 2

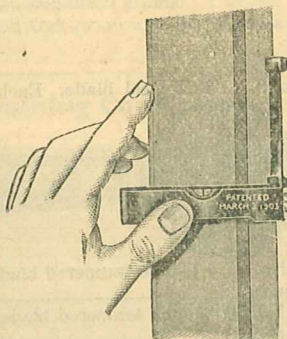

Made of steel, nickel plated, and is a mechanical marvel. Will fit and stick to any trimmer straight edge without the manipulation of screws, by means of spring No. 2 in cut, and for those not using trimmer edges the spring is removed. Any graduation for panel or relief work is obtained instantly by moving point No. 4, which remains rigidly at any degree desired. By reversing the point No. 4 to 90 you can see how much the ceiling is out of level. There is nothing to be asked of this tool it will not respond to.

Each.....\$3.00

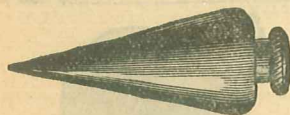

Paper Hangers' Plumb and Level No. 1

Can be used with any straight edge. Will give a plumb or level instantly from floor to scaffold. For putting up plate rail it is indispensable. Guaranteed to be absolutely accurate. Weighs 4 ounces; can be carried in the pocket. Highly nickeled and packed in nice box with full instructions how to use.

Each.....\$3.00

Plumb Bobs

Each.....\$0.50

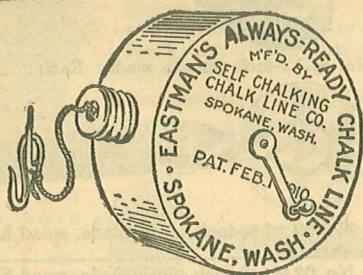

Self-Chalking Chalk Line

Reel holds 36 feet of line, and chalk enough to last for years. Can't get out of order.

Three inches in diameter, one inch thick, weighs 4 oz.

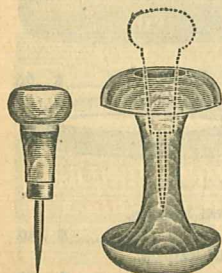

Always ready; stick the awl in wall, draw the line and snap.

No. 44. Each.....

\$1.30

Chalk Line Holder

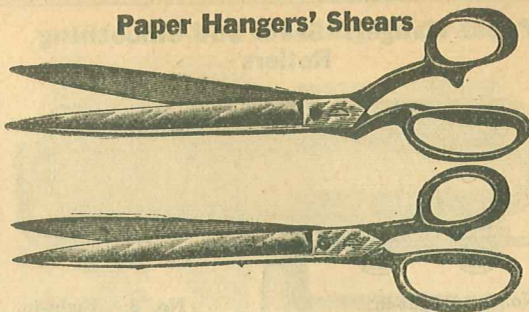

Will hold easily a 50-foot line. Fasten end of line to the steel pin on handle; always ready for use, requiring no driving of nails or helper. When not in use the steel pin and handle sinks in end of spool. Perfect satisfaction.

No. 688. Each.....\$0.30

Chalk lines, 50 feet long.

Each......60

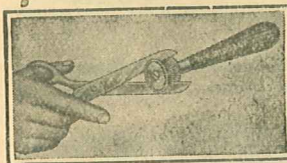

Paper Hangers' Shears

Hand forged from finest steel and welded on composition metal, hardened in water and tempered by natural gas. Perfect in pattern and finish and specially intended for paper hangers' use.

The Ridgely Flexible Grainer

A set of 5 Ridgely Flexible Grainers will produce perfect imitations of all grained woods in less time than has ever before been possible.

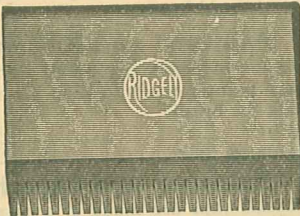

With the flexible Grainer heart work or quartered oak can be produced just as readily as straight grain.

Nos. 1 and 2 are used for producing large effects, such as Walnut and Mahogany.

Nos. 3 and 4 produce open and heart grains.
No. 5 produces Quartered Oak grain and has attached to it the Comb or Blender.
Per Set (not sold separate).....\$4.50

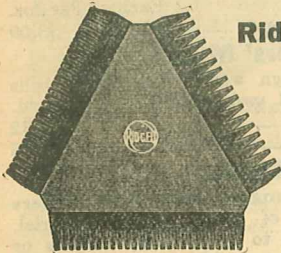

Rubber Graining Combs

No. 102 1/2. Made of good quality rubber, set in wood handles. 12 combs to the set; 3 each, 1 inch, 2 inches, 3 inches and 4 inches; coarse, medium and fine, making 30 inches in a set.
Price per set.....\$1.00

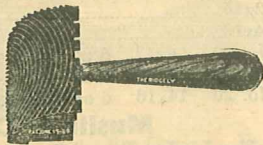

Ridgely Rubber Comb

No. 103. This rubber comb contains three sizes of teeth—fine, medium and coarse—set in one handle. The most convenient rubber comb made.
Price, each.....\$0.54

Hand Grainer

No. 10. The comb and quarter-sawed feature connected with this grainer makes it an excellent seller, and a valuable tool for the mechanic.
Price, each.....\$0.80

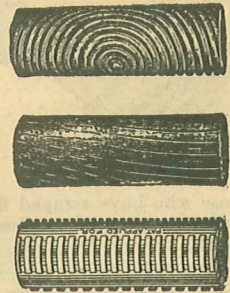

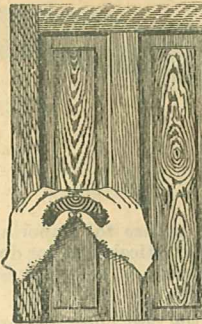

Blue Steel English Graining Combs

Made of the best English blue steel, packed in tin, divided, cases, 12 combs in assorted sizes, to a set, equal to 30 inches, in 6, 9 and 12 teeth per inch. A good, practical comb for general use.

Per set.....\$2.00

Davis Patent Graining Rollers

A set of grainers consists of three rolls, made of the best rubber, 5 inches long and 1 1/2 inches in diameter. The corrugated roll imitates any known growth of wood. The other vein roller reproduces quarter sawed oak grain. The roller comb, with three different sizes of combs, is especially valuable as an adjunct to the veining rollers to be used in connection, in the graining of plain woods.

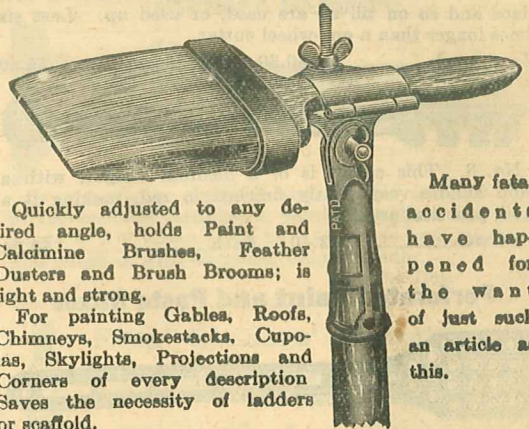

The Up-to-Date Grainer, a valuable treatise on graining, is furnished free with every set.

Per set of 3 rollers, as shown in cut.....\$1.50

Extra rollers, corrugated only.

5 inches long, 1 1/2 inches diameter, each.....1.00

Extension Brush Holder

Many fatal accidents have happened for the want of just such an article as this.

Quickly adjusted to any desired angle, holds Paint and Calcimine Brushes, Feather Dusters and Brush Brooms; is light and strong.

For painting Gables, Roofs, Chimneys, Smokestacks, Cupolas, Skylights, Projections and Corners of every description Saves the necessity of ladders or scaffold.

No. 40.....Per doz. Each.
\$24.00 \$2.20

Roof Leak Paint

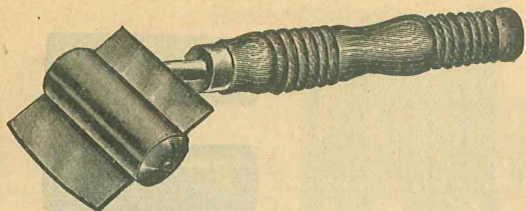

Will permanently stop any leak however large it may be.

Roof Leak Paint applied to an old tin, shingle or felt roof, will be in good condition for many years; further, it will stop the rusting process in tin or iron.

On a new roof the material may be brushed out to cover about 200 square feet to the gallon. On an old or porous roof much of the material will soak in, which it should do for better preservation; it is therefore well to estimate 150 square feet per gallon for old work.

	Black	Maroon	Moss Green
One-gallon cans.....	\$2.20	\$3.00	\$4.10
Five-gallon buckets.....	2.10	2.70	3.50

10 ft.	26.00		

Prices quoted are for two jacks.

Reversible Ladder Jack and Scaffold Support

For Painters, Tinnors and Building Trades

A practical reversible and adjustable bracket, designed to work in three different positions on

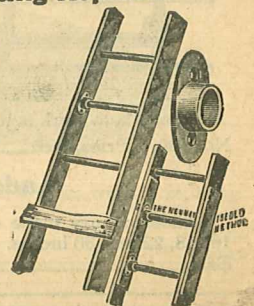

ladder. Made of the best quality steel, with double hooks which catch over two adjoining rungs, making the jack firm and rigid. Cannot slip and is quickly attached. By moving upper hook along notched bar jack can be adjusted to ladders at different angles and to fit varying distances between rungs.

Price, per pair (2 like cut) \$5.50

Rapid Ladder Rung Replacer

A device absolutely necessary to repair an extension ladder. Should the rung or the side pieces on an extension become broken, all that is necessary is to nail or screw an inch strip on inside of upright, then screw on rung replacer as shown in cut, and extension ladder will work up or down, same as a new ladder.

Price, per pair..... \$2.50

Whitewashing and Painting Machines

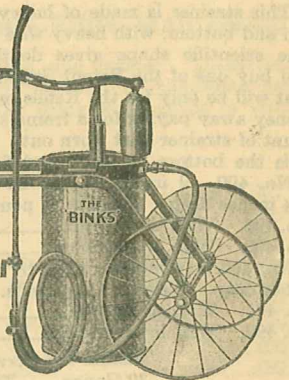

Style C. The working parts of this machine are made entirely of heavy brass, both the pumping cylinder and air chamber, thus making the machine impossible to corrode from the use of any liquids. Capacity equal to the work of 18 men with brushes in the same time.

Equipment. Spray pipe, ¼-in. cock and nozzle, one extra tip, 200-lb. pressure gauge, sieve, follower wrench, one length 1-in. suction hose and 10 ft. ½ in. special discharge hose. Machine has brass cylinder and bronze ball valves, seats and working parts brass.
Price, complete..... \$54.00

Style No. 21. Pump cylinder seamless brass tubing, bronze ball valves, seats and all working parts of brass, 12-gallon tank, 16-inch steel wire wheels, large air chamber, which insures a steady pressure, and will operate against 125 pounds pressure. Mechanical agitator operates at every stroke of the pump.

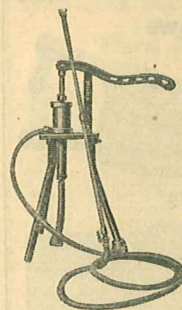

Equipment 10 feet ½-inch discharge hose and couplings, spray pipe, complete with ¼-inch cock, one nozzle.
Price..... \$50.00

Style "J." This machine has all working parts made of brass, air chamber constructed entirely of brass, all of which is rigidly bolted to a substantial heavy iron frame, as illustrated here. Legs can be instantly removed and pump used in connection with barrel if so desired.

It is equipped with spray pipe complete with ¼-inch cock and spray nozzle, follower wrench, and 10 feet ¾-inch discharge hose.

Price..... \$22.00

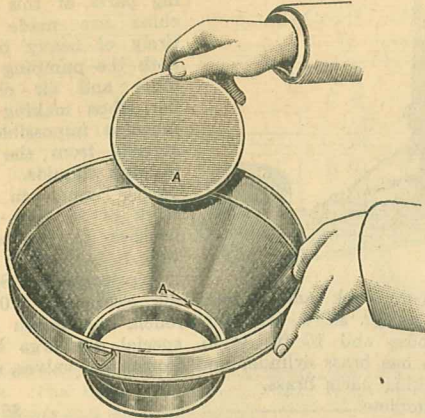

Wall Paper Remover

For moistening and removing old paper from walls this machine has no equal. It will do the work of five men. This machine is a compressed air sprayer. It consists of a four-gallon air and water tank within which is contained a brass pump and discharge connection ending in a spray nozzle. This nozzle produces a spray which is so fine it will all remain on the paper and no moisture falls on the floor.

Price..... \$14.80

Patent Strainers With Refills Paint or Kalsomine

This strainer is made of heavy tin, has collars at both top and bottom, with heavy wire in the cord of top collar. The scientific shape gives depth and strength. After you buy one of the Patent Strainers your purchases after that will be only for the Refills, not having to throw your money away paying for a frame that is of no value on account of strainer part worn out.

Ford Roll Roofing and Shingles

Prepared roofing may be easily and quickly laid in any kind of weather, and there are plenty of buildings all around you that need new roofs right now. Directions for laying are packed in every package of Ford Roofing and you will need no tools other than those you already have. Ford Roll Roofing or Shingles may be laid right over the old roofs. This saves the labor of taking off the old roofing and really makes a fine job. All roll roofings are 32 inches wide and 40½ feet long and come complete with nails, cement and directions for application packed in the core. Each roll contains 108 square feet which is sufficient material to cover 100 square feet of surface or "one square." Your experience in working on buildings makes you especially adapted for laying roofing, and you will find it a profitable line to push.

Orders for Roofing to be sent C. O. D. must be accompanied by a remittance equal to one-fourth of the net price.

Lusterite Roll Roofing

The highest type of standard weight roll roofing. A specially selected fine roofing felt, saturated with asphalt and coated with flake mica, a perfect non-conductor of heat, cold or electricity—suitable on all classes of buildings where a durable roof is desired. Economical, effective and attractive, Lusterite makes a quick and profitable seller.

Light weight—about 35 pounds per roll	\$4.00
Medium weight—about 45 pounds per roll	5.00
Heavy weight—about 55 pounds per roll	6.00

Ford Slatekote Roll Roofing

Ford Slatekote is furnished in three shades, Greenkote, Redkote and Bluekote, any one of which makes an attractive roof for any type of building. Needs no painting or after attention. Easily and quickly laid. Nails, cement and full directions for laying included in every roll.

Per roll (108 sq. ft.)	\$4.80
------------------------	--------

Easy laid Roll Roofing

Easy laid roll roofing has a design indelibly printed on it in asphalt which makes the roof, when laid, look like a roof of asphalt shingles. Ford Easy laid comes in either of two colors—rich red or cool green, each with the design in black. Weight approximately 85 lbs. per square. Per roll (108 sq. ft.)

Ford Individual Shingles

Ford Shingles are guaranteed not to curl, split, crack or decay. They make an exceptionally beautiful roof wherever they are applied and are specified for attractive homes all over the country because of their uniformity and durability. Each shingle is 8 x 12½ inches laid 4 inches to the weather, spaced ½ inch apart. Packed four bundles to the square. Furnished in red, green or blue-black. Per square, (100 square feet)

Ford Strip Shingles

Ford Strip Shingles are self-spacing and are therefore easily and quickly applied. When laid, the roof looks exactly like individual shingles. There is a saving in nails because four shingles are laid at the same time. Each strip is 10x32 inches with ½ inch slots cut four inches deep. 112 strips cover 100 square feet. Sold in bundles of 56 strips (½ square) Furnished in red, green or blue-black crushed slate finish. Per square, approximately 185 pounds

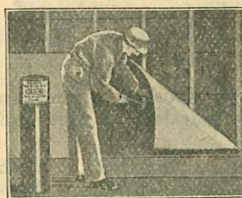

Peats Pure Wood Fibre Wall Board

Takes the place of lath and plaster. Makes solid, beautiful and permanent walls. A handsome panel effect can be obtained by using wood strips or mouldings for covering joints.

BRUSH DEPARTMENT

WORKMEN who love their calling and take pride in producing good work, may select their Brushes from this department with the assurance that they will not be disappointed, because every one of them is made from carefully-selected, high-grade material. The bristles are blended by experts in just the right proportion to make a brush that will do the work well and stand up in use—If, however, any brush bearing our name does not prove to be as represented here, we will, upon its return to us, replace it free of charge.

Leather bound polished green handles and are made with three rows of bristles, or so-called solid center. They will not gap or swallow tail and will wear shorter without getting stubby than any other Stucco on the market. The bristles are the highest grade Chinese Hong Kong. They are very smooth and have splendid spring and elasticity.

An Element of Success

It is utterly impossible for any man to do his best work with a poor brush. The Decorator who wishes to maintain and add to his reputation as a master craftsman must be supplied with brushes that are fully able to hold up their end of the work. Every Peats brush is especially made for doing specific kinds of work, and doing that work in an entirely satisfactory manner. Therefore, when you put your brush money into tools bearing the name of "Peats," you may do so with the consciousness that these brushes will give you full value for your money, and will never disappoint you, if they receive proper treatment at your hands.

BUY ONLY THE BEST

Lettering and Striping Pencils, then take proper care of them. Do not leave them standing on the ends of the hairs, but keep them in a dust-proof tin box with a little tallow rubbed into the hairs. A good plan is to attach the pencils to a flat surface.

WINDOW SHADE DEPARTMENT

Window Shades Made to Order, Any Width or Length, Mounted on Hartshorn's Latest Improved Shade Rollers Ready to Hang.

How to Measure

For width, measure from point to point where brackets are to be placed whether inside or outside of casing. For length, measure from brackets to window sill. We make all necessary allowance for placing cloth on rollers. In ordering always state whether inside or outside brackets are desired.

To estimate quantity of Fringe required for a scalloped shade, add half the width of shade to length of Fringe. If shade is 6 feet wide, it will require 9 feet, or three yards of Fringe.

Orders for Shades to Be Sent C. O. D. Must Be Accompanied by a Remittance Equal to One-quarter of the Net Price.

OZARK OIL OPAQUE SHADE CLOTH (Hand Made).

Ozark Oil Opaque Shade Cloth is our exclusive brand. Made from the finest grade of shade muslin and painted with the best of oil paint. Will not crack, curl or fade. There is no better made. Price per yard in full piece, and less than full piece lots. About 60 yards to piece.

SOME SPECIALTIES

Here are some items we have just put in stock. They are all first-class.

Koverflor

A liquid floor covering for outside and inside floors of wood or cement.

Being oilproof and waterproof, it is especially recommended for use on cement floors of porches, garages, factories, hotels, hospitals, schools. Exceptionally good for floors of railroad and street railway cars, steamship and boat decks, floors of engine rooms, floors of electric power plants, and

for linoleum. Color card on request.

Seaman Safety Bracket

Is designed to Save Labor, Insure Safety, and make the work of all ladder users easier.

It prevents the top of a ladder from sliding, rolling, or being blown over by the wind.

Note in this cut how quickly and easily the Safety Bracket can be put on or taken off. The side thumb screw holds firm to side and adjusts to fit any size rail up to 1 3/4 inches in thickness. The top thumb screw holds firm and adjusts to fit any ladder from 2 inches to 3 1/4 inches.

The clip on the arm of the Safety Bracket keeps the pail or firepot from sliding, and keeps it away from the glass or surface over which the ladder is placed.

The Safety Brackets will fit either side of ladder, being alike in construction. They are made of malleable iron, weigh 3 lbs. each, thumb screws 3/8 inch, round arm iron 5/8 inches, strap parts 1/4 inch by 1 1/2 inches.

Per pair.....\$10.00

GOOD BOOKS FOR DECORATORS

There is nothing a decorator can buy that will bring as good returns on the investment as a few good books on the various branches of the business.

Our stock of up-to-date books is complete, and any of those listed here will be sent postpaid to any address for the price named, with the understanding that if they do not prove satisfactory they may be returned and the money paid for them will be refunded.

Descriptive Circular Free on Request

NOTICE: It Is Best to Send Money with Order; It Saves You Bank or Express Collection Charges
Remit by P. O. or Express Money Order, Draft or Registered Letter.

SAVE \$1.50 On Each Gallon of VARNISH OR MORE

STANDING above and alone as positively America's BIGGEST VARNISH VALUES are Flexite and Marless—the two famous Peats' Varnishes, which are being used so extensively by painters in preference to any other varnish they have ever used. These varnishes are offered at half the price of other varnishes and if you are not convinced by their use that it is the best piece of goods you ever used, then we refund your money.

FLEX-ITE

WOOD FINISH

Save Time Save Work Order a Case

Your need for varnish is constant. You use varnish on nearly every decorating job you do. It is a good plan to keep a supply on hand. Marless and Flexite are furnished in 6 and 12 gallon cases—assorted any way you like. Order by the case and you will have it handy when needed. Six gallons of Flexite and six gallons of Marless make a very good assortment.

OLD TIMER VARNISH BRUSH

The name of this brush tells exactly the kind of a brush it is, an "OLD TIMER." It has been a long time since a brush like this has been offered to the trade. An unusually full brush that will take a heavy load of varnish, it has the proper swing that makes varnishing really a pleasure. Notice particularly the long bristles. The 2 inch width with 2 7/8 inch bristles is \$1 each net or \$11.00 per dozen. Other sizes are quoted on page 37.

Positively the Greatest Buy in Varnish

FLEXITE is for wood-work and trim. It flows freely under the brush. It polishes as easily as glass and glistens like glass. It brings out the grain of the wood beautifully and the price in 1 and 5 gallon cans is only \$1.65 net per gallon.

MARLESS FLOOR FINISH possesses an almost unbelievable amount of endurance. The heaviest traffic will not hurt it. You can walk on it, dance on it, pull furniture across your floors or do anything else a floor is ordinarily subjected to and Marless will not scratch white or injure. Marless is made to stand all kinds of hard usage and its beautiful brilliant lustre never seems to dim. In 5 and 1 gallon cans the price is \$1.65 net per gallon.

\$1.65 NET

Every Test Proves Mar-less Best

Buy a Case

We can furnish Marless or Flexite in 1 gallon or 5 gallon cans and in 6 gallon or 12 gallon cases. We recommend you buy a case. By having a supply on hand you have always got it when you need it and can always sell at a good profit to customers who prefer to do their own varnishing.

\$19.80 NET

Mighty Good Paint

Wabash Mixed Paint

at a Price

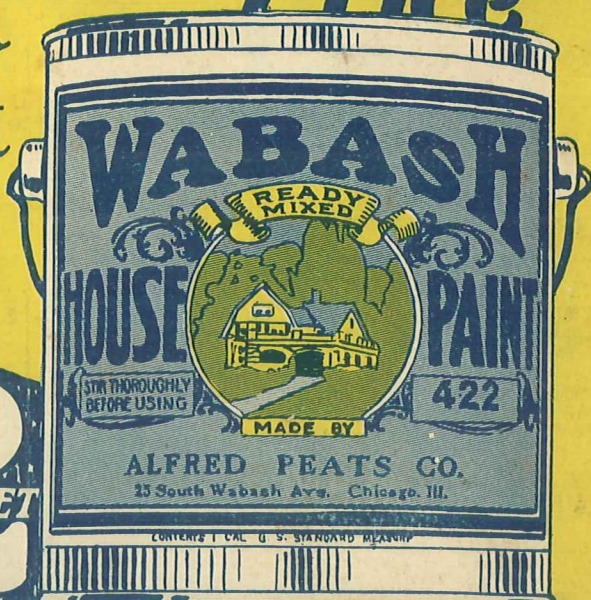

THIS paint, our second best grade, is made to stand all sorts of weather. The falling of many rains, the passing of several hot summers and cold winters will still find Wabash bright and new. That is because Wabash Paint is a quality paint. It is a combination of high-grade pigments and linseed oil. It is elastic, yet has a hard glossy surface and wherever an economical paint is desired, also a job that you can guarantee, then use WABASH MIXED PAINT.

Per gallon in five gallon buckets.....\$1.95 Net
In one gallon tin pails.....\$2.00 Net

3 Year Guarantee

To prove the extraordinary endorsement of Wabash Paint, we give it our unqualified guarantee for 3 solid years. Wabash Paint never lasts less than 3 years but always much longer, as the experience of many of our customers has shown.

\$2 NET

Wet Paint Signs

Everybody notices WET PAINT SIGNS. They had better. Your name on a sign, therefore, is excellent advertising for you. With every order of Wabash Paint we send a generous supply of signs with your name stenciled on them. There is no charge for these signs.

BLACK BEAUTY

At only \$1 this excellent made brush, perfectly balanced, springy and full 4 inches wide is really a wonderful buy. A dozen is only \$11.50—half dozen \$6.00—each \$1 net and your money back if you are not satisfied.

\$1

Color Cards

Wabash Paint comes in 32 colors, also black and white. White is the same low price as colors. Color Cards of this paint will be found in your Color Card Book, sent with your wall paper outfit. If you haven't our Wall Paper Sample Books, a portfolio of color cards will be sent on request.
